

Owen D. Young Papers, 1874-1962

MSS. COLL. NO. 087

500 linear feet

Biographical Note

Owen D. Young was born on October 27, 1874 in Van Hornesville, New York, educated at St. Lawrence University (B.A., 1894) and Boston University Law School (LL.B 1896). He died July 11, 1962 in St. Augustine, Florida and is buried in Van Hornesville. Young served as a trustee of St. Lawrence from 1912 to 1934, and was chairman of the board from 1924 to 1934.

Practicing law in Boston until 1912, Young was appointed general counsel for the General Electric Company. He was chairman of the board of directors from 1924 until 1939. He was one of the founders of RCA (Radio Corporation of America) in 1919.

From 1919 to 1930 he was a key figure in a series of international conferences concerning German war reparations and stabilization of the German economy. In 1924, he was co-author with Vice President Charles Dawes of the Dawes Plan and author of the Young Plan in 1929.

Mr. Young was married twice; first to Josephine Sheldon Edmonds (SLU class of 1895, B.A., Radcliffe, 1896), who predeceased him in 1935, then to Louise Powis Clark of St. Augustine.

Scope & Content

The Young Collection documents five decades of national and international business and political history, including the post World War I reparation period which saw Young as the key figure in the Dawes Plan of 1924 and the Young Plan of 1929 with its provisions for the still existing Bank of International Settlements.

The collection chronicles Young's leadership as chairman of the New York Federal Reserve Bank, creator of the Radio Corporation of America (RCA), Vice President and Chairman of General Electric, as well as his progressive role in labor relationship, education and agriculture. The collection reflects Young's career as a lawyer, diplomat, humanist, bibliophile and as a leader in business and industry.

Provenance

The Owen D. Young papers were given to St. Lawrence in October, 1987 by Richard Young. An additional gift of papers was given in May 2004. See boxes 1075-1080.
